

new directions

Thank you Friends,

We offer our sincere gratitude to all of our friends and contributors of funds, time, labor, ideas and materials to bring the **The Fred and Mabel R. Parks Youth Ranch** into reality. Sunday, November 14th saw a wonderful gathering of many of those that have blessed us with their generosity over the last few years. We are especially grateful to the Fred and Mabel R. Parks Foundation for their continuing support and major funding. In addition, the George Foundation has also enabled the construction of the **“George Counseling Center”** at the Ranch. These new facilities will be bringing shelter and “life changing services” to the neglected youth in our community.

We are also very fortunate to have secured the partnership of DePelchin Children’s Center to operate the George Counseling Center and that of Arrow Child and Family Ministries to operate the shelter facility. These two organizations have deep experience in helping the youth in our greater community. Of course, the Parks Youth Ranch Board will continue to own the facilities, ensure their upkeep and raise funds for the sheltering of many of the teens that come through our doors. This will enable

DePelchin and Arrow to concentrate on their core mission of bringing services to our teens.

Indeed, we have much to be thankful for. God has smiled on our endeavor.

Dick Hogan - President, Parks Youth Ranch
